I went to my dentist in New York and he offered to do FREE implants for me in Guatemala through DISS. I got picked up at the airport and taken to my hotel, I also got private transportation from hotel to the clinic. The doctors were very professional, the staff was amazing, and the clinic was bright and modern.

I have told my friends and family, if they want to do implants, they should only go to Guatemala with DISS. I never thought I could afford implants, and I am so happy I did it.

I just want to thank everyone at DISS for giving me a reason to smile.
